CLIENT: PILGRAMMER

PROJECT TYPE: 2 BR DUPLEX APT

SPACE: 1,500 sqft

MODERN BOHO

IDEA & CONCEPT

The concept behind this duplex apartment was to create an aesthetical mix of modern living with a divergent bohemian vibe.

My boho-variation is a cozy but modern space with chunky textures, tribal influences, natural materials and décor features made out of rattan and acrylic. It shows an exclusive collection of high-end and customized furniture providing a warm, laid-back but at the same time luxe interior design.
