

TIARA UNITED TOWERS, BUSINESS BAY, DUBAI

BUDGET: 90,000 AED

DESIGN CONCEPT: JAPANDI

CLIENT: MEZGHENNI

PROJECT TYPE: 2 BR APT

SPACE: 1,290 sqft

JAPANDI

IDEA & CONCEPT

My idea was to create a space combining Scandinavian functionality and Japanese rustic minimalism.

The concept of this two-bedroom apartment features natural materials, rough surfaces and irregular elements. It creates a feeling of art with clean lines and muted colors.

Nature and simplicity is reflecting within this bright space while enjoying the view over the world largest skyscraper, Dubai's Burj Khalifa. I called it a "Clash".
